Dear Sir. Having, through the agency of your extract of sarsaparilla, accomplished a most remarkable cure in the case of my sister. I deem it important to make all acquainted with her case who may be similarly afflicted, as it may be the means of saving many from a premature death. About four years ago my sister's health began to decline, and continued to do so for the space of two years, when she was suddenly attacked with a bronchial affection, or what is commonly called bronchits. Having been attacked with the best medical skill without benefit, and finally pronounced incurable, she determined to try your extract of sarsarilla, and, after the use of the very limited number of three buttles, she was completely restored, and has enjoyed better health than she ever before experienced—Hoping that this description of her case will come under the notice of many-who may be similarly affilicted, I am most respectfully, yours,

Dour Sir. Believing that a public statement of my affiledon may be of service to others aimlarly affiledon, as well as a benefit to yourself, I take this means of informing you, that about three years ago I was attacked with a Hemorrhage of the Langs which induced my friends to despair of my recovery. My health continued to deeline for a year, when I was selzed with Neuraleia and severe Verito. Having applied to physicians, both in this place and Baltimore, without the least benefit, and having also made use of the Galennie Baltery without any good effect, I concluded to try your Extract of Sarsuparilla, and am happy to say, that after using a single bottle the pains entirely left me and I have been better ever since.

Respectfully, ENOCH W. SMALLWOOD.
